### **DETAILED ACTION**

Note: One of foreign references (EPO 09130592) is not considered for the examination because it is not available.

#### ***Response to Amendment***

1. This office action is in response to the amendment filed on 3/28/2006. Claims 1-20 are pending in the instant application.

#### ***Claim Rejections - 35 USC § 112, Second paragraph***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claims 1, 3, 10, 11, 13, and 20, it is not clear what is meant by “selected signal portions that have overlapping addresses” and “to reallocate addresses of the signal portions so there is no overlap”.

Claims 2-10 and 12-20 dependent on claims 1 and 11 are similarly rejected.

***Response to Arguments***

4. Applicant's arguments filed on 10/12/2005 have been fully considered but they are not persuasive.

**Rejection under 35 USC § 112, Second paragraph**

On page 6 the Applicant argues that the terminology for overlapping addresses and reallocate of addresses of the signal portions is clear and definite by pointing to the description on page 5, lines 1-6 of the specification. The Examiner respectfully disagrees. That section of the specification is literally the same as the claims and does not provide any clarifying definition. It is not clear to a person skilled in the art what is meant by overlapping addresses and reallocating addresses of the signal portions so there is no overlap. Therefore, the Examiner concludes that the rejection of claims 1-20 is proper.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed,<sup>1</sup> and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
